

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS **QUARTER ENDED 31 MARCH 2018**

1 Basis of Preparation

The unaudited interim financial statements have been prepared in accordance with MFRS 134: Interim Financial Reporting issued by the Malaysian Accounting Standards Board (“MASB”), IAS 34 Interim Financial Reporting issued by International Accounting Standards Board, paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”) (“Listing Requirements”), and Guidelines / Circulars issued by Bank Negara Malaysia (“BNM”) and Shariah rulings and precepts.

The unaudited financial statements have been prepared using historical cost basis except for certain financial assets and financial liabilities that are stated at fair value.

The unaudited interim financial statements of the Group comprise the Company and its subsidiaries as at and for the quarter ended 31 March 2018. It also includes Takaful funds established in accordance with Islamic Financial Services Act, 2013 in Malaysia, which are managed and controlled by the Group and by the Company as operator of the fund.

The statements of financial position and the statements of profit or loss and other comprehensive income of the Takaful Operator, Family Takaful Fund and General Takaful Fund are supplementary financial information presented in accordance with the requirements of BNM and Islamic Financial Services Act, 2013 in Malaysia to segregate assets, liabilities, income and expenses of Takaful funds from its own. The statements of financial position and profit or loss and other comprehensive income of the Takaful Operator include only assets, liabilities, income and expenses of the Takaful Operator, excluding the Takaful funds managed by it. The statements of financial position and profit or loss and other comprehensive income of the Family and General Takaful Fund include only the assets, liabilities, income and expenses of the family solidarity fund and General Takaful Fund that is set up, managed and controlled by the Takaful Operator.

In preparing the Group-level consolidated financial statements, the balances and transactions of the Takaful Operator are amalgamated and combined with those of the takaful funds. Interfund assets and liabilities, income and expenses relating to transactions between the funds are eliminated in full during amalgamation. The accounting policies adopted for the Takaful Operator and takaful funds are uniform for like transactions and events in similar circumstances.

The takaful fund are consolidated and amalgamated from the date of control and continue to be consolidated until the date such control ceases which occur when the Group’s and the Company’s license to manage takaful business is withdrawn or surrendered.

The unaudited interim financial statements should be read in conjunction with the audited annual financial statements of the Group for the financial year ended 31 December 2017. The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2017.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

1 Basis of Preparation (continued)

The accounting policies and presentation adopted by the Group for the condensed interim financial statements are consistent with those adopted in the Group's audited financial statements for the financial year ended 31 December 2017, except for the adoption of the following:

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2018

- MFRS 9, Financial Instruments (2014)
- MFRS 15, Revenue from Contracts with Customers
- Clarifications to MFRS 15, Revenue from Contracts with Customers
- Amendments to MFRS 2, Share-based Payment - Classification and Measurement of Share-based Payment Transactions
- Amendments to MFRS 4, Insurance Contracts - Applying MFRS 9 Financial Instruments with MFRS 4 Insurance Contracts
- Amendments to MFRS 1, First-time Adoption of Malaysian Financial Reporting Standards (Annual Improvements 2014 – 2016 Cycle)
- Amendments to MFRS 128, Investments in Associates and Joint Ventures (Annual Improvements 2014 – 2016 Cycle)
- Amendments to MFRS 140, Investment Property - Transfers of Investment Property
- IC Interpretation 22 Foreign Currency Transactions and Advance Consideration

The initial application of the abovementioned standards, amendments and interpretations do not have any material impacts to the current and prior period's financial statements upon their first adoption, except as disclosed below:

MFRS 9, *Financial Instruments*

MFRS 9, *Financial Instruments* sets out requirements for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. This standard replaces MFRS 139 *Financial Instruments: Recognition and Measurement*.

(i) Classification of financial assets under MFRS 9

MFRS 9 contains a new classification and measurement approach for financial assets that reflects the business model in which assets are managed and their cash flow characteristics.

MFRS 9 contains three principal classification categories for financial assets: measured at amortised cost ("AC"), Fair Value through Other Comprehensive Income ("FVOCI") and Fair Value through Profit or Loss ("FVTPL"). The classification of financial assets under MFRS 9 is generally based on the business model in which a financial assets is managed and its contractual cash flow characteristics. The standard eliminates the previous MFRS 139 categories of held-to-maturity ("HTM"), loans and receivables ("LAR") and available for sale ("AFS").

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS QUARTER ENDED 31 MARCH 2018

1 Basis of Preparation (continued)

MFRS 9, *Financial Instruments* (continued)

(i) Classification of financial assets under MFRS 9 (continued)

The initial application of MFRS 9 resulted in the reclassifications set out in the table above and explained below.

- (a) Investment in equity securities categorised as AFS under MFRS 139 are managed on fair value basis. These assets have been classified as mandatorily measured at FVTPL under MFRS 9;
- (b) Financial assets held for trading are continued to be measured at financial assets at FVTPL under MFRS 9;
- (c) Investment in unit trust and investment-linked funds categorised as AFS under MFRS 139 are managed on fair value basis. The Group has designated these instruments at the date of initial application as measured at FVTPL;
- (d) Institutional Trust Account, Islamic debt securities and Malaysian Government Islamic papers categorised as AFS under MFRS 139 are held by the Group to provide profit income, but may be withdrawn or sold to meet liquidity requirements arising in the normal course of business. The Group considers that these debt securities are held within a business model whose objective is achieved both by collecting contractual cash flows and by selling securities. These assets have therefore been classified as financial assets at FVOCI under MFRS 9.
- (e) Islamic debt securities categorised as AFS under MFRS 139 that failed to meet the "solely payments of principal and interest" (SPPI) requirement under MFRS 9 are classified as FVTPL;
- (f) Investments in debt securities and Malaysian Government Islamic papers classified as held to maturity under MFRS 139 are classified as FVOCI under MFRS 9;
- (g) Debt securities classified as held to maturity under MFRS 139 are classified as FVTPL under MFRS 9;
- (h) Structured deposits classified as loans and receivables under MFRS 139 failed to meet the SPPI requirements under MFRS 9. As a result, these instruments were classified as FVTPL from the date of initial application; and
- (i) Takaful receivables, retakaful receivables, financing receivables, fixed and call deposits and other receivables classified as loans and receivables under MFRS 139 are now classified as financial asset measured at amortised cost under MFRS 9.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS QUARTER ENDED 31 MARCH 2018

1 Basis of Preparation (continued)

MFRS 9, *Financial Instruments* (continued)

(ii) Impairment of financial assets

MFRS 9 replaces the incurred loss model in MFRS 139 with an expected credit loss (“ECL”) model. This requires considerable judgement about how changes in economic factors affect ECLs which will be determined on a probability-weighted basis.

The new impairment model applies to financial assets measured at AC and FVOCI, but not to investments in equity instruments.

Under MFRS 9, loss allowances will be measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

The calculation of ECL required the modelling of three parameters that define:

- Exposure at Default (“EAD”): The Group’s gross credit exposure to the counterparty at the time of default;
- Probability of Default (“PD”): The likelihood of the counterparty defaulting on its contractual obligation to the Group; and
- Loss Given Default (“LGD”): The amount or the percentage of an outstanding claim on the counterparty that is not likely to be recovered in the event of a default.

The Group has elected to measure the impairment losses for takaful receivables and other receivables at an amount equal to lifetime ECL.

Lifetime ECL measurement applies if the credit risk of a financial asset at the reporting date has increased significantly since initial recognition and 12-month ECL measurement applies if it has not. An entity may determine that a financial asset’s credit risk has not increased significantly if the asset has low credit risk at the reporting date.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group’s historical experience and informed credit assessment and including forward-looking information.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk. ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS QUARTER ENDED 31 MARCH 2018

1 Basis of Preparation (continued)

MFRS 9, Financial Instruments (continued)

(ii) Impairment of financial assets (continued)

At each reporting date, the Group assesses whether financial assets carried at amortised cost and Islamic debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For Islamic debt securities at FVOCI, the loss allowance is recognised in OCI, instead of reducing the carrying amount of the asset.

The following table summarised the effect of the application of MFRS 9's impairment requirements at 1 January 2018.

	Takaful Operator RM'000	Family Takaful RM'000	General Takaful RM'000	Group RM'000
Loss allowance at 31 December 2017 under MFRS 139	555	4,761	2,711	8,027
Additional impairment recognised at 1 January 2018 on:				
- Institutional Trust Account	120	582	111	813
- Islamic debt securities	534	2,884	679	4,097
- Fixed and call deposits	-	65	-	65
- Other receivables	-	527	-	527
- Takaful receivables	-	1,692	-	1,692
Loss allowance at 1 January 2018 under MFRS 9	1,209	10,511	3,501	15,221

(iii) Classification of financial liabilities

MFRS 9 largely retains the existing requirements in MFRS 139 for the classification of financial liabilities.

However, under MFRS 139 all fair value changes of liabilities designated as FVTPL are recognised in profit or loss, whereas under MFRS 9 these fair value changes are generally presented as follows:

- the amount of change in the fair value that is attributable to changes in the credit risk of the liability is presented in OCI; and
- the remaining amount of change in the fair value is presented in profit or loss.

The Group has not designated any financial liabilities at FVTPL and it has no current intention to do so. The Group's assessment did not indicate any material impact regarding the classification of financial liabilities at 1 January 2018.

1 Basis of Preparation (continued)

MFRS 9, *Financial Instruments* (continued)

(iv) Transition upon the adoption of MFRS 9

Changes in accounting policies resulting from the adoption of MFRS 9 will generally be applied retrospectively, except as described below:

- (a) The Group will take advantage of the exemption allowing it not to restate comparative information for prior periods with respect to classification and measurement (including impairment) changes. Differences in the carrying amounts of financial assets and financial liabilities resulting from the adoption of MFRS 9 will generally be recognised in retained earnings and reserves as at 1 January 2018.
- (b) The following assessments have been made on the basis of the facts and circumstances that existed at the date of initial application.
- The determination of the business model within which a financial asset is held.
 - The designation and revocation of previous designations of certain financial assets and financial liabilities as measured at FVTPL.

The following table summarises the impact, net of tax, of transition of MFRS 9 on the Group's equity at 1 January 2018.

	Group RM'000
Fair value reserves	
Reclassification of fair value gain from financial assets designated at FVTPL under MFRS 9	(10,837)
Recognition of credit impairment losses under MFRS 9 for Islamic debt securities at FVOCI	534
Related tax	2,600
Impact at 1 January 2018	(7,703)
Retained profit	
Reclassification of fair value gain from financial assets designated at FVTPL under MFRS 9	10,837
Recognition of fair value loss from financial assets designated at FVTPL under MFRS 9	(369)
Recognition of credit impairment losses under MFRS 9	(654)
Adjustment of the deficits transferred from Takaful funds arising from the initial application of MFRS 9	(5,030)
Related tax	(1,210)
Impact at 1 January 2018	3,574

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

12 Effect of Changes in Composition of the Company / Group

As announced to Bursa Securities on 3 November 2017, a Conditional Shares Sale and Purchase Agreement (“CSPA”) between PT Syarikat Takaful Indonesia (“STI”), PT Asuransi Takaful Keluarga (“ATK”) and Koperasi Karyawan Takaful (“Kopkar”) (“Sellers”), and Koperasi Simpan Pinjam Jasa (“KOSPIN”), M Andy Arslan Djunaid SE and Bahroji (“Purchasers”) was entered into on 27 October 2017, for the disposal of the entire equity interest in PT Asuransi Takaful Umum (“ATU”) held by STI, ATK and Kopkar.

As announced to Bursa Securities on 10 January 2018, the disposal of ATU has been completed on 28 December 2017 and effectively, ATU ceased to be a subsidiary of Takaful Malaysia.

Other than the above, there is no change in the composition of the Group for the current financial quarter under review.

13 Contingent Liabilities

There were no contingent liabilities as at the date of this announcement.

14 Review of Performance

	3 months ended		
	31.3.2018 RM'000	31.3.2017 RM'000	Changes %
Operating revenue	746,174	659,841	13%
Gross earned contributions	506,275	470,498	8%
Profit before zakat and tax	84,941	72,565	17%
Profit after zakat and tax	69,758	56,827	23%
Profit attributable to owners of the Company	69,976	56,754	23%

14.1 Financial results of the current year-to-date (YTD) against preceding YTD

Operating revenue

The Group recorded operating revenue of RM746.2 million for the first quarter ended 31 March 2018, an increase of 13% or RM86.3 million as compared to the corresponding quarter of the preceding year. The increase was mainly attributable to higher sales generated by both Family Takaful and General Takaful business.

Profit before zakat and tax

For the first quarter ended 31 March 2018, the Group recorded profit before zakat and taxation of RM84.9 million, increased by 17% as compared to RM72.6 million in the same period last year. The improvement in profit was mainly attributable to higher net Wakalah fee income arising from our robust business growth in the General Takaful business.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

14 Review of Performance (continued)

14.1 Financial results of the current year-to-date (YTD) against preceding YTD (continued)

Family Takaful

Family Takaful business generated gross earned contributions of RM324.0 million for the first quarter ended 31 March 2018, almost at par as compared to RM327.2 million in the corresponding period last year.

The net benefits and claims for Family Takaful business increased by 10% to RM210.6 million in the first quarter ended 31 March 2018 from RM191.2 million in the same period of the preceding year. This was mainly due to higher death and surrender claims.

Investment income for the Family Takaful business increased by 5% to RM59.7 million as compared to RM56.8 million in the corresponding quarter last year, mainly due to higher profit from Islamic debts securities.

General Takaful

General Takaful business generated gross earned contributions of RM182.4 million for the first quarter ended 31 March 2018, increased by 27% as compared to RM143.4 million in the corresponding period last year. The growth was mainly from fire and motor classes.

The net benefits and claims for General Takaful business increased by 16% to RM51.1 million in the first quarter ended 31 March 2018 from RM43.9 million in the same period of the preceding year, mainly due to increase in claims relating to fire and motor classes.

The investment income for the first quarter ended 31 March 2018 was RM6.8 million, decreased by 8%, as compared to the investment income in the same period of the preceding year of RM7.4 million, mainly due to lower profit from Islamic debts securities.

14.2 Indonesian Operations

The operating revenue of Indonesian operations decreased by 9% to RM33.7 million from RM36.8 million in the corresponding quarter of preceding year whilst, the gross earned contribution decreased by 16% to RM29.3 million compared to RM35.4 million in corresponding quarter of preceding year. The Indonesian operations have recorded breakeven for the first quarter ended 31 March 2018 as compared to RM1.3 million of profit before zakat and tax recorded in corresponding quarter of preceding year. The lower result was mainly attributable to PT Asuransi Takaful Umum (ATU), a subsidiary, which has been disposed on 28 December 2017. The Indonesian operations continued to be impeded by the window concept of promoting Islamic products practiced by the conventional domestic players. The takaful industry in Indonesia is anticipated to continue experiencing challenges due to the financial market volatility in addition to the economic conditions.

14.3 Review of Statements of Financial Position

As at 31 March 2018, total assets increased by RM39.6 million to RM8,234.2 million as compared to RM8,194.6 million as at 31 December 2017, mainly attributable to the increase in takaful receivables. The increase was primarily driven by the growth in gross contributions from General takaful business.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

14 Review of Performance (continued)

14.3 Review of Statements of Financial Position (continued)

Total liabilities decreased by RM22.7 million to RM7,338.4 million as compared to RM7,361.1 million as at 31 December 2017, mainly attributable to payment of interim dividends of RM123.5 million, offset by the increase in takaful contract liabilities by RM103.5 million. The increase in takaful contract liabilities from RM6,709.5 million as at 31 December 2017 to RM6,813.0 million as at 31 March 2018 was in line with the Company's business growth.

Shareholders' equity increased by RM61.6 million to RM895.1 million as at 31 March 2018. This is mainly attributed to the increase in distributable retained earnings of RM70.1 million, partially offset by the net change in fair value of debt investment at FVOCI.

14.4 Review of Statements of Cash flows

For the first quarter ended 31 March 2018, the Group's cash flow position is healthy with strong operating cash flow. During the quarter, the group has generated sufficient cash inflow to pay the interim dividend of RM123.5 million.

15 Financial review for current quarter compared with immediate preceding quarter

	Current Quarter 31.3.2018 RM'000	Immediate Preceding Quarter 31.12.2017 RM'000	Changes %
Operating revenue	746,174	517,738	44%
Gross earned contributions	506,275	457,751	11%
Profit before tax	84,941	56,018	52%
Profit after tax	69,758	55,676	25%
Profit attributable to owners of the Company	69,976	56,304	24%

Operating revenue

For the quarter under review, the Group generated Operating Revenue of RM746.2 million as compared to RM517.7 million in the immediate preceding quarter. The increase is mainly attributable to higher sales generated from both Family Takaful and General Takaful business.

Profit before zakat and tax

For the quarter under review, the Group recorded profit before zakat and taxation of RM84.9 million, higher by 52% as compared to the immediate preceding quarter of RM56.0 million. The increase in profit was mainly attributable to higher net wakalah fee income.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

15 Financial review for current quarter compared with immediate preceding quarter (continued)

Family Takaful

For the quarter under review, Family Takaful business recorded gross earned contributions of RM324.0 million, increased by 2%, as compared to RM316.5 million in the immediate preceding quarter. The increase was mainly attributable to higher sales from mortgage and credit-related products.

For the quarter under review, Family Takaful business recorded net benefits and claims of RM210.6 million, an increase of 38% as compared to the immediate preceding quarter. The increase was mainly due to higher death and surrender claims.

Investment income for the Family Takaful business of RM59.7 million, decreased by 6% as compared to RM63.3 million in the immediate preceding quarter. The decrease was mainly attributable to lower dividend income and lower profit from Islamic debts securities.

General Takaful

For the quarter under review, General Takaful business generated gross earned contributions of RM182.4 million, increased by 29%, as compared to RM141.1 million in the immediate preceding quarter. The growth was mainly from fire and motor classes.

For the quarter under review, General Takaful business recorded net benefits and claims of RM51.1 million, an increase of 127% as compared to the immediate preceding quarter. The increase was mainly due to increase in claims relating to fire and motor classes.

Investment income for the General Takaful business of RM6.9 million for the quarter under review is almost at par with the investment income in the immediate preceding quarter of RM7.3 million.

16 Current Year Prospects

Takaful Malaysia in 2018 will remain focused on sustaining its position as the market leader in the Family Takaful business whilst expanding its market share in the General Takaful business to establish a strong foothold in the industry. The Company will continue to enhance its digital capability to increase its product and service accessibility to the consumers by intensifying its online marketing initiatives. The Company will also embark on multiple digital initiatives to further develop 'customer centric' value propositions to remain competitive in the industry. The Company will carry out its key initiatives, including an active management strategy as well as prudent investment and underwriting activities to deliver sustainable results for its shareholders and promote financial security to its customers. The Company will amplify its brand presence and the 15% Cash Back offered to its customers for selected products in the event of no claims during the coverage period. Takaful Malaysia will continue to emphasize the four core areas of customer reach, operational agility, cost competitiveness and stakeholder confidence to firmly establish the Company as the preferred choice for insurance amongst the consumers.

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS QUARTER ENDED 31 MARCH 2018

17 Variance of Actual Profit from Profit Forecast or Profit Guarantee

The Group did not issue any profit forecast nor profit guarantee during the current quarter under review.

18 Taxation

The effective rate of taxation is lower than the statutory tax rate for the current financial period in accordance with the Income Tax Act 1967 due to the lower taxable income.

	3 months ended	
	31.3.2018 RM'000	31.3.2017 RM'000
Current tax expense:		
- Current financial period	18,200	14,565
Deferred tax benefits:		
- Current financial period	(3,195)	958
Total tax expense	<u>15,005</u>	<u>15,523</u>

The Inland Revenue Board ("IRB") had, on 8 September 2017, issued to the Company notices of additional assessment (i.e. Form JA) for the years of assessment ("YA") 2012, 2013, and 2014. The additional tax payable by the Company under the above-mentioned notices is RM12,561,630.50. As a result of the above, IRB had also treated the tax returns made by the Company for the above years of assessment as incorrect, and imposed a penalty of RM6,200,802.97 to the Company.

The Company has paid the additional tax on 4 October 2017 and submitted an appeal (Form Q) to Special Commissioner of Income Tax against the notice of assessment on 5 October 2017.

The Company is of the view that there are strong justifications for its appeal against certain matters raised by IRB and have treated the related tax payment of RM16,741,000 as tax recoverable.

The Company has received the letter from the Special Commissioner of Income Tax and the case has fixed for mention on 16 May 2018.

19 Status of Corporate Proposal

The Company announced to Bursa Securities on 10 August 2017 the conversion of composite licence to single licences for the Company's family takaful business and general takaful business ("Proposed Reorganisation") pursuant to the requirements of Sections 16(1) and 286 of the Islamic Financial Services Act, 2013. The Proposed Reorganisation is expected to be completed by the second quarter of 2018.

Subsequently, the Company had on 12 September 2017 incorporated a wholly-owned subsidiary under the Companies Act 2016 by the name of Syarikat Takaful Malaysia Am Berhad ("STMAB").

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

19 Status of Corporate Proposal (continued)

As announced to Bursa Securities on 25 January 2018, the Company had on 25 January 2018 entered into a business transfer agreement with STMAB in relation to the transfer of STMB's general takaful business as a going concern to STMAB to be undertaken by way of a scheme of transfer ("Scheme of Transfer") for the Proposed Reorganisation.

As announced to Bursa Securities on 20 March 2018, the Company had on 20 March 2018 submitted an application to the High Court of Malaya for the confirmation of the Scheme of Transfer.

As stated in Note 12 above, the Company announced to Bursa Securities on 10 January 2018 that the disposal of ATU, which was first announced on 3 November 2017, has been completed on 28 December 2017 and effectively, ATU ceased to be a subsidiary of Takaful Malaysia.

Other than the above, there has been no new corporate proposal since the date of the last quarterly report.

20 Group Borrowings and Debt Securities

The Group does not have any borrowings and debt securities as at 31 March 2018.

21 Material Litigation

There was no material litigation pending as at the date of this announcement.

22 Earnings per Share

Basic earnings per share ("Basic EPS")

Basic EPS of the Group is calculated by dividing the net profit attributable to ordinary shareholders for the quarter / period by the weighted average number of ordinary shares in issue during the period.

	3 months ended	
	31.3.2018	31.3.2017
Owners of the Company (RM'000)	<u>69,976</u>	<u>56,754</u>

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

28 Fair Value Information (continued)

The carrying amounts of cash and cash equivalents, and short-term receivables and payables reasonably approximate their fair values due to the relatively short-term nature of these financial instruments.

It was not practicable to estimate the fair value of the Group's investment in unquoted shares due to the lack of comparable quoted market prices in an active market and the fair value cannot be reliably measured. Please refer to respective note for the fair values of other financial assets and liabilities, together with the carrying amounts shown in the statements of financial position.

Policy on transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical financial assets or liabilities that the entity can access at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the identical financial assets or liabilities, either directly or indirectly.

Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the end of the reporting period.

Transfer between Level 1 and 2 fair values

There is no transfer between Level 1 and 2 fair values during the period.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS QUARTER ENDED 31 MARCH 2018

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

29 Additional Information (continued)

Takaful receivables (continued)

The average credit terms of takaful receivables granted to related parties and non-related parties are 6 months from the contractual due date. The recoverability of takaful receivables which exceeds the average credit term is high especially after Letter of Demand is imposed on the debtors.

The significant takaful receivables of the Group and of the Company with its related parties as at the end of the reporting period, are as follows. Takaful receivables due from related parties are trade related and have been entered into for the purpose of takaful coverage and under normal trade terms.

	Family Takaful		General Takaful		Group	
	31.3.2018 RM'000	31.12.2017 RM'000	31.3.2018 RM'000	31.12.2017 RM'000	31.3.2018 RM'000	31.12.2017 RM'000
Bank Islam Malaysia berhad	310	135	1,281	825	1,591	960

During the period, with the implementation of the MFRS 9, the Group has elected to measure the impairment losses for takaful receivables at an amount equal to lifetime ECL. The ECL were calculated based on actual credit loss experience over the past five years. The Group considers the model and some of the assumptions used in calculating these ECL as key sources of estimation uncertainty. The Group performed the calculation of ECL rates separately for Family Takaful's customers and General Takaful's customers. Exposure within each group were segmented based on common credit risk characteristics such as type of products and payment frequency.

In previous year, under MFRS 139, the Group and the Company assess impairment on an individual and collective basis. The Group and the Company will assess on a case by case basis, whether there is any objective evidence that the outstanding due is impaired for contribution due and claims recovery that are considered individually significant. The criteria that the Group and the Company use to determine whether there is objective evidence of impairment for those selected for individual assessment include:

- (i) contribution due or claims recovery past-due for 6 months or more and where outstanding receivables is above 2% of total takaful receivables and RM200,000 for Family and General takaful receivables respectively;
- (ii) significant financial difficulty of customer / intermediaries;
- (iii) long outstanding balances where these are disputed and not resolved; and
- (iv) breach of contract, such as default or delinquency in payments.

The Group and the Company record impairment allowance for loans and receivables and takaful receivables in separate "Allowance for Impairment" accounts. Unless the Group and the Company are satisfied that recovery of the amount is possible, the amount considered irrecoverable is written off against the receivables directly. There were no material provisions and write-off of trade receivables during the period.

Before takaful receivables are deemed uncollectible, consistent follow-up action such as requesting for payments including reminders will be sent to the relevant debtors. Where the amount due exceeds the internal threshold, a Letter of Demand will be imposed on the debtors.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

29 Additional Information (continued)

Material Impairment of Assets

At 1 January 2018, the Group adopted MFRS 9. MFRS 9 replaces the “incurred loss” model in MFRS 139 with an “expected credit loss” (ECL) model. The new impairment model applies to financial assets measured at AC, debt investments at FVOCI, but not to investments in equity instruments.

Under MFRS 9, loss allowances will be measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

The Group measures impairment losses at an amount equal to lifetime ECL, except for the following, which are measured as 12-month ECL:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debts securities for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group’s historical experience and informed credit assessment and including forward-looking information.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk. ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is ‘credit-impaired’ when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognised in OCI, instead of reducing the carrying amount of the asset.

The impairment losses recognized in profit or loss under MFRS 9 is not significant to the Group.

SYARIKAT TAKAFUL MALAYSIA BERHAD

NOTES TO THE UNAUDITED INTERIM FINANCIAL STATEMENTS

QUARTER ENDED 31 MARCH 2018

29 Additional Information (continued)

Material Impairment of Assets (continued)

In previous year, all financial assets (except for financial assets categorised as fair value through profit or loss and investments in subsidiaries) are assessed at each reporting date whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset under MFRS 139.

Under MFRS 139, impairment losses for equity securities are estimated and recognised in profit or loss if there is a significant or prolonged decline in the fair value below its cost. Impairment losses for Islamic debts securities classified as available-for-sale financial assets is recognised in profit or loss and is measured as the difference between the asset's acquisition cost (net of any principal repayment and amortisation) and the asset's current fair value, less any impairment loss previously recognised.

The impairment losses recognized in profit or loss under MFRS 139 is not significant to the Group.

30 Foreign exchange exposure / hedging policy

Foreign exchange exposure is only in relation to investment in the Indonesian subsidiary, which is immaterial. Therefore, hedging policy is not applicable to the Group and the Company.
