2.4 Review procedures in relation to Recurrent Related Party Transactions

Takaful Malaysia has internal control systems to ensure that the Recurrent Related Party Transactions are undertaken on an arm's length basis and on normal commercial term consistent with Takaful Malaysia's usual business practices and policies, which are no more favourable to the interested parties than those extended to third parties/public and are not to the detriment of the minority shareholders. As for the rental of takaful properties, the rates are charged based on the prevailing market rates.

Takaful Malaysia has no thresholds for the approval of Recurrent Related Party Transactions. However, the Audit Committee will review all aspects of the Recurrent Related Party Transactions amounting to more than Ringgit Malaysia One Million (RM1,000,000.00) entered into to ensure that the relevant approvals have been obtained and that they are conducted at arms length basis. As a result of this review, the Audit Committee produces a statement, inter-alia, commenting on the review procedures in so far that the procedures are relevant and sufficient to ensure that such Recurrent Related Party Transactions will be carried out on normal commercial terms which are not prejudicial to the interests of minority shareholders.

In order that Recurrent Related Party Transactions are conducted at arms length and on normal commercial terms consistent with the group's usual business practices and policies and will not be prejudicial to shareholders, the management will ensure that the Recurrent Related Party Transactions with interested parties will only be entered into after taking into account the pricing, level of services, quality of products and other related factors.

At least two other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of produces/services and/or quantities. Where quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by the Group based on those offered by/to other unrelated parties for the same or substantially similar type of transaction to ensure the Recurrent Related Parties Transaction is not detrimental to the Group.

2.5 Audit Committee Statement

The Audit Committee has reviewed the procedures mentioned in Section 2.4 above and is of the view that the said procedures are sufficient to ensure that the Recurrent Related Party Transactions are not more favourable to Related Party than those generally available to the public and are not to the detriment of the minority shareholders.

The Group has in place adequate procedures and processes to monitor, track and identify Recurrent Related Party Transactions in a timely and orderly manner, and such procedures and processes are reviewed on a yearly basis or whenever the need arises.

2.6 Validity period for Proposed Shareholders' Mandate

The Proposed Shareholders' Mandate, if approved at the forthcoming AGM, will continue to be in force until:

- (a) the conclusion of the next AGM of Takaful Malaysia at which it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (b) the expiration of the period within which the next AGM after the date it is required to be held pursuant to Section 143(1) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 143(2) of the Act); or
- (c) revoked or varied by resolution passed by the shareholders in general meeting,

whichever is earlier.

Thereafter, approval from shareholders for a renewal of the mandate in relation to recurrent related party transactions will be sought at each subsequent AGM of the Company.

- (a) the type of the Recurrent Related Party Transactions made; and
- (b) the names of the Related Parties involved in each type of the Recurrent Related Party Transactions made and their relationship with the Company.

3. RATIONALE AND BENEFITS OF PROPOSED SHAREHOLDERS' MANDATE

The rationale for and benefits of the Proposed Shareholders' Mandate to the Takaful Malaysia Group are as follows:

- (a) the Proposed Shareholders' Mandate will empower the Group to enter into transactions with Related Parties which are necessary in day-to-day operations of the Group, undertaken at arm's length, normal commercial terms, on terms not more favourable to the Related Party than those generally made available to the public and are not detrimental to the minority shareholders;
- (b) the Proposed Shareholders' Mandate may avert unnecessary delays in approving business transactions of revenue nature which involves parties related to Takaful Malaysia Group due to the need to procure shareholders mandate;
